Graphic Designer Assistant

Job Description:

The Graphic Designer Assistant works in a well equipped Art Department under the leadership of the Art Director, to develop innovative Graphic content for our Packaging, Marketing Material and e-commerce web operations. It is a hard-working, creative, friendly environment that requires personal reasonability, a good attitude, and the desire to be recognized for doing excellent work.

The Company:

GOGroove by Accessory Power is a manufacturer of Tech Gadget Accessories. We are Apple licensed and manufacture over 1,000 products and do business with Best Buy, Walmart, Staples, Toys R Us, Frys, Home Depot, Amazon, New Egg and more. Come grow with us in a respectful environment where you can make a difference. Visit AccessoryPower.com/AboutUs to see us at CES and to learn more about us

Job Description and Responsibilities:

- * Continually create fresh graphic content for print, packaging and online work.
- * You should be comfortable doing product photography and have strong skills digitally retouch images.
- * Assist in designing products, product packaging, and manuals.
- * Design and implement promotional materials including: video and graphic content

Requirements:

- * Must have verifiable English language and writing skills.
- * Must have at least 3 years experience with Adobe Photoshop (expert level), Illustrator, Flash, InDesign, Fireworks, Dreamweaver (CS3, CS4, or above) and knowledge of Adobe Premiere or Apple Final Cut Pro.
- * Must be proficient with Digital SLR cameras & be comfortable working in a studio setting.
- * Must be extremely organized, have a keen attention to detail, and a thirst to multi task.
- * Must have an intense desire and hunger to continually create, develop, and grow creative initiatives.
